

## Hello there!

Like in English, some French greetings depend on the time of day.

Bonjour !

Good morning! / Good afternoon!

Bonsoir !

Good evening!

If you're being casual, you can say **Salut !** any time of day!

 Salut !

Hi! / Bye!

## How are you?

**Ça va** can be used both to ask how someone is doing and to answer the question!

 Salut, **ça va** ?

Hi, how are you?

 **Ça va**, et toi ?

I'm fine, and you?

In French, an accent mark over a letter can make a new sound.

je (as in "petition")

journé (similar to "bay")

très (as in "bet")

If the last letter of a word is an **e** (without an accent!), it's usually silent.

femme

woman

bonne nuit

good night

Greetings
